

# ELIOS | Basket 4

Elios Basket 4 for Elios Arbora P4 Pole Post | To Fill with Rock  
Data Sheet

The Elios Basket 4 serves as the perfect foundation for the Elios Arbora P4 Pole Mount System. It includes all required hardware, a solid base, and a robust structure. To ready the basket for rock filling, you can install your own wooden planks to enclose the structure (not provided). For extra stability, you may also choose to fill the basket with cement or cement blocks, ensuring a secure and durable installation.

## Features & Benefits

Made from durable galvanized steel to resist corrosion.

Easy to assemble with all necessary hardware included.

Fits perfectly with the Elios Arbora P4 Pole Mount System.

Compact design maximizes stability in limited spaces.

Stainless steel installation hardware.
